

Old Ursula Camp

Victoria Falls

Visit one of the Seven Natural Wonders
for only USD 100 per chalet per night

Old Ursula is a satellite camp of the world-renowned Stanley and Livingstone Hotel, set within the game-rich Victoria Falls Private Game Reserve, just 10-minutes away from the famous Victoria Falls. Old Ursula is an intimate 3-star retreat, perfect for families or small groups of friends wanting to privately experience one of Africa's greatest highlights and the myriad adventures at Victoria Falls.

Old Ursula Camp comprises classic African-style thatched chalets and only eight guests are accommodated in the four en-suite A-framed chalets. This includes a main suite with double bedroom and lounge area. Decorated in the original hunting style of wood and antiques, Old Ursula is not as luxurious as its 5-star sister hotel, The Stanley and Livingstone, yet exudes character and safari elegance. Guests are treated to delicious, freshly-prepared meals at the camp, which offers full board or self-catering options.

Guests can laze around the camp's private swimming pool or venture out to view black rhino as well as partake in thrilling activities such as white water rafting or bungee jumping over the magnificent Victoria Falls. Other unique activities hosted on the reserve include lion walks, night game drives, bush dinners and interactive elephant-back excursions.
