

Peri Peri deals from Rani Resorts

This month's
sizzlers

Piri-Piri, Peri-Peri or Peli-Peli is the name used in Mozambique to describe the African bird's-eye chili.

In local dishes, Piri-Piri is often used in preparing sauces for roast or grilled chicken and seafood. But the experts will tell you that anyone can create something hot, but to create something hot, stylish and full of flavour is an art. Rani Resorts has perfected the art of delivering a sizzling experience to discerning guests. For more Rani special offers please visit Luxury for Less page on www.raniresorts.com
